

感言系列 5 (关于科研或人生的智慧)

- 人生智慧源于需要，生于思考，成于实践。

——杨正伟 (2011-9)

- 在科学的“迷宫”里探索的人们，如果互不诚信告知“路况”，寻找“出路”的代价将会非常巨大。

——杨正伟 (2011-12)

- 人生重要抉择时，试想若你即将死去如何。

When you make big choices in life, just think what if you're going to die.

——杨正伟 (2012-3)

注，这句感言基于乔布斯——苹果公司共同创始人 Steve Jobs——的下列语录 (2005 年在 Stanford University 的讲话，2012-3-3 下载自：http://en.wikiquote.org/wiki/Steve_Jobs)：

Remembering that I'll be dead soon is the most important tool I've ever encountered to help me make the big choices in life, because almost everything – all external expectations, all pride, all fear of embarrassment or failure – these things just fall away in the face of death, leaving only what is truly important. Remembering that you are going to die is the best way I know to avoid the trap of thinking you have something to lose. You are already naked. There is no reason not to follow your heart.
